

NATIVE PLANTING AREA - LOW DIVERSITY

This native planting area plan was designed by a local landscape architect to be used in areas where you would like just a few types of plants rather than a large diversity. For more information on the City of Indianapolis' Rain Garden and Native Planting Area Resources visit: www.indy.gov/SustainIndy.

Mayor Ballard launched SustainIndy and created the Office of Sustainability in October 2008. SustainIndy is a bold and innovative enterprise aimed at delivering long-term cost savings to the City, building the local economy, improving our quality of life and enhancing our environmental and public health. Its efforts are designed to aggressively move Indianapolis forward in making it one of the most sustainable cities in the Midwest.
